

The ADO consists of 3 steps:

STEP 1_Each student reads the paper “Burger JA et al.” titled (Ibrutinib as Initial Therapy for Patients with Chronic Lymphocytic Leukemia)

STEP 2_Each student does the Homework preparing and sending a PowerPoint presentation based on the paper (see instructions below) to abdurraouf.mahmoud@uniupo.it. The “Homework” has to be sent by Thursday April 14th (11:59 pm is the deadline)

STEP 3_Google MEET discussion coupled with KAHOOT questions on Thursday April 14th at 02:00 pm SHARP (the link for joining the Google MEET will be sent via mail and on WhatsApp group)
Each participant has to prepare a short PowerPoint presentation (maximum 7 slides; it is important to use the prototype slide format attached) based on the paper Burger et al, focusing on:

- A) Name, Last name, Matricula number, Title of your presentation (1 slide)
- B) Background and rationale of the study (1 slide)
- C) Methodology of the study (1 slide)
- D) Main results of the study (2 slides)
- E) Conclusions of the study (1 slide)
- F) Limitations and Future perspectives using your own words (1 slide)
